Publishers Note

Welcome to the 15th issue of VOLO Magazine.

You may have seen the words 'Creating Incredible... Everyday!' inscribed at the bottom of images posted by the VOLO team on social networks. It's a catchy phrase, sounds nice etc... but at VOLO Magazine we live everyday trying to stay true to that phrase. Nothing less than incredible is good enough for VOLO and this issue of VOLO underlines that fact to the 't'.

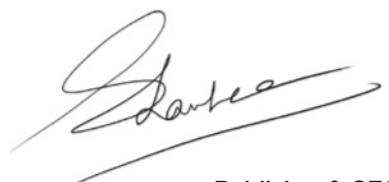

In my journey as publisher of VOLO, I have met many amazing photographers, but VOLO has the distinction of not only publishing amazing work, but also of inspiring, guiding and elevating the work of many of these photographers along the way. I have received complaints about our hard quality restrictions, I have had people saying that we act like we are better than Playboy :), but guys and gals, we are NOT Playboy, Penthouse or Maxim... We are VOLO! We don't want to compare ourselves with any of these legendary publications because there is no comparison... We are a genre on our own where Art defines the direction, not a model or a photographer.

In the coming months, you will see VOLO Magazine change into a magazine which not only publishes incredible art, but also defines and disseminates what we believe in... The VOLO way of life!

Live free and enjoy every moment you get to breathe in this beautiful world of ours, don't hurt anyone intentionally but don't hold back any of your desires due to peer, family or social pressures.

Be VOLO!

Enjoy the issue,

WET IN THE WILD

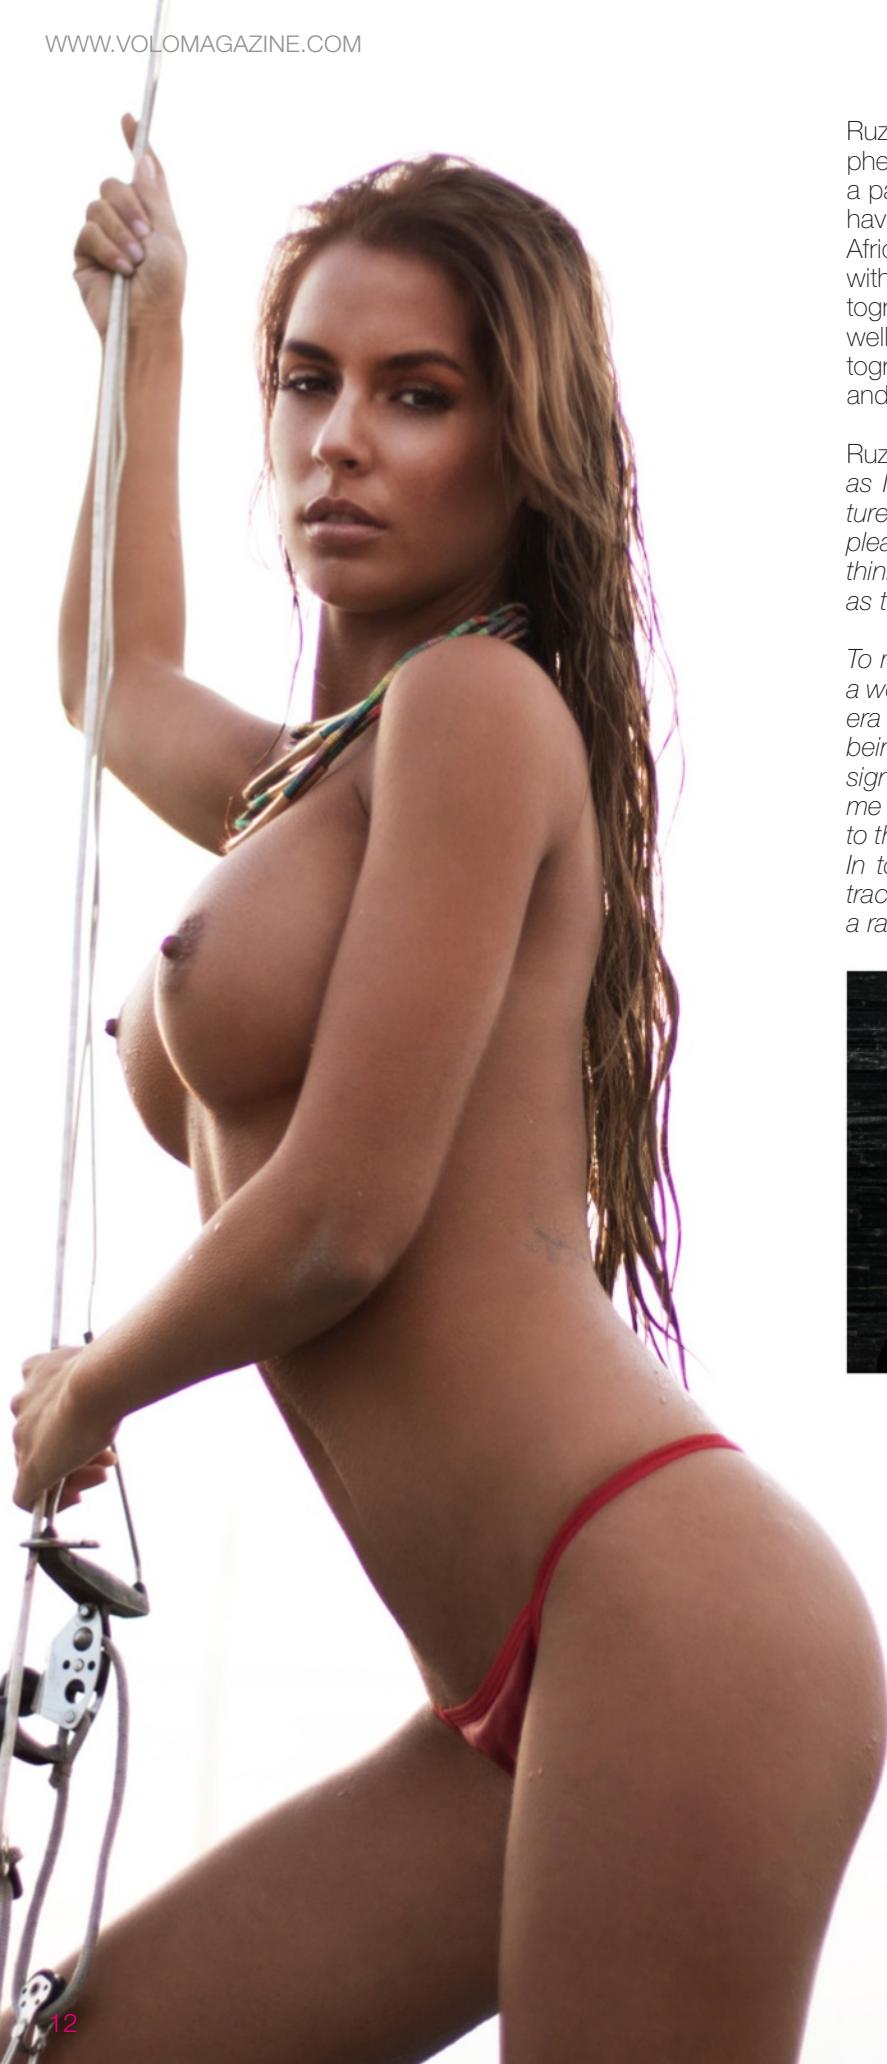

Alexa Varga shot by Ruzdi Eikenhem

Ruzdi Ekenheim is a semi-professional Photographer currently based out of San Fransisco. With a past as a Business Development Manager and having lived in Scandinavia, the Balkans, East-Africa as well as the Middle East, after a career with the Swedish Army he has now turned to photography, he has always had an eye for beauty as well. Within photography he is so far a keen photographer of nudes, landscape as well as wildlife and has had several of his works published.

Ruzdi says *"When shooting I aim to see the object as I wanna see it in my head as a pleasing picture to my eyes and brain. The picture should be pleasing for both men as well as women. After all I think that both genders sees a naked female body as the most beautiful thing."*

To me personally it is also a great sign when I get a women to get naked in front of me and the camera the first time we meet. It's a sign of trust and being naked between strangers is the ultimate sign of trust and belief to me. The model says to me 'I give you my trust to show me, the naked me to the whole world, don't misuse my trust in you...'. In today's world with lawyers and a pile of contracts as soon as two people are involved, trust is a rare thing."

Meet The Model

Hello Volo readers,

my name is Joanna. I'm from Poland, which is a beautiful country with the most charming girls in the world. I love medical sciences, rock music and modern art but a true passion of mine is modeling. When my photo won the polish Playboy Fotoerotica in 2011, it inspired me to become professional model. And now I know dreams come true.

I think that every new day is another chance to check yourself, so I'm looking for new challenges all the time. I am a strong-minded person, I appreciate independence and freedom. True emotions and feelings also play an important role in my life. I am fascinated with human psychology and I believe in the true power of mind. I hope understanding and accepting yourself is the key to success.

I really like Ango Sakaguchi's quote, which says: "Woman tells the truth, not with words, but with the body". Perhaps just this describes me to you. Body language expresses more than words, so we shouldn't forget about paying attention to details. I know that every woman has a real pure sensuality inside and I want to show it. I would like to inspire you all over, I hope modeling will give me more opportunities to do it.

Love

Joanna

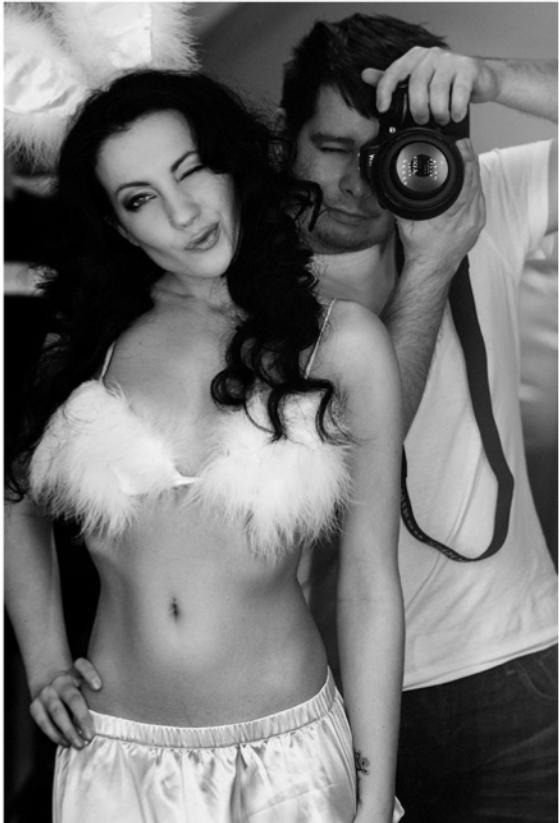

Łukasz Marciniak

Agnieszka Szczepańska & Lukasz Marciniak

Hi Guys, my name is Łukasz Marciniak, I'm a 29 Years old photographer from Poland. I love black and white photography, specialy nudes and portraits made on film with my medium format Mamiya.

Mostly I shoot in Poland, but also all over the world. My favorite is natural light and shadows or at maximum a single artificial source of light for my sessions.

Photography became my passion and profession at the same time in 2006 when for the first time I took an SLR in my hand... It was love at first sight! What I love most about photography is that I can travel to various places and perform there sessions. Sometimes conditions are not favorable, but I enjoy it anyway.

I was 3rd in Polish Playboy fotoerotica contest in 2008, and since then I shoot for Playboy magazine and have covers and playmate sessions which were shown in Poland and other countries such as Greece, Slovenia, Russia, Latvia, Lithuania and Bulgaria. I have also shot for CKM, Imperium Kobiet, Eks Magazine and In-Taste magazine.

LOUIS ADURO

About the MODEL

Fredau Hoekstra is a full time freelance model with over 5 years of experience posing mainly for art-nude and fashion nude photography. She was born and raised in The Netherlands as the oldest of 4 sisters, with the happiest childhood memories being the ones of summer holidays camping with the whole family. After high school she went on to study Communications and this brought her to live in Edinburgh, Scotland for a while. It was in this beautiful city that she met her now husband, drummer Chris Wallace.

After finishing her bachelor degree she decided to permanently move to Edinburgh. While frantically searching for a decent job during the credit crunch, the opportunity arose to do some modelling work. After about 6 months of doing a few shoots here and there, she made the leap to go full time and never looked back. In the following couple of years she managed to gain herself a respectable reputation in the art-photography scene both in the UK and mainland Europe. In these years she was lucky enough to travel all over Europe and work with many amazing and well established photographers. In December 2013 Fredau moved to Toronto to start a new life in her husband's native Canada. With Toronto as a base she now works all over Canada and the States.

About the Photographer

She says it best all by herself:

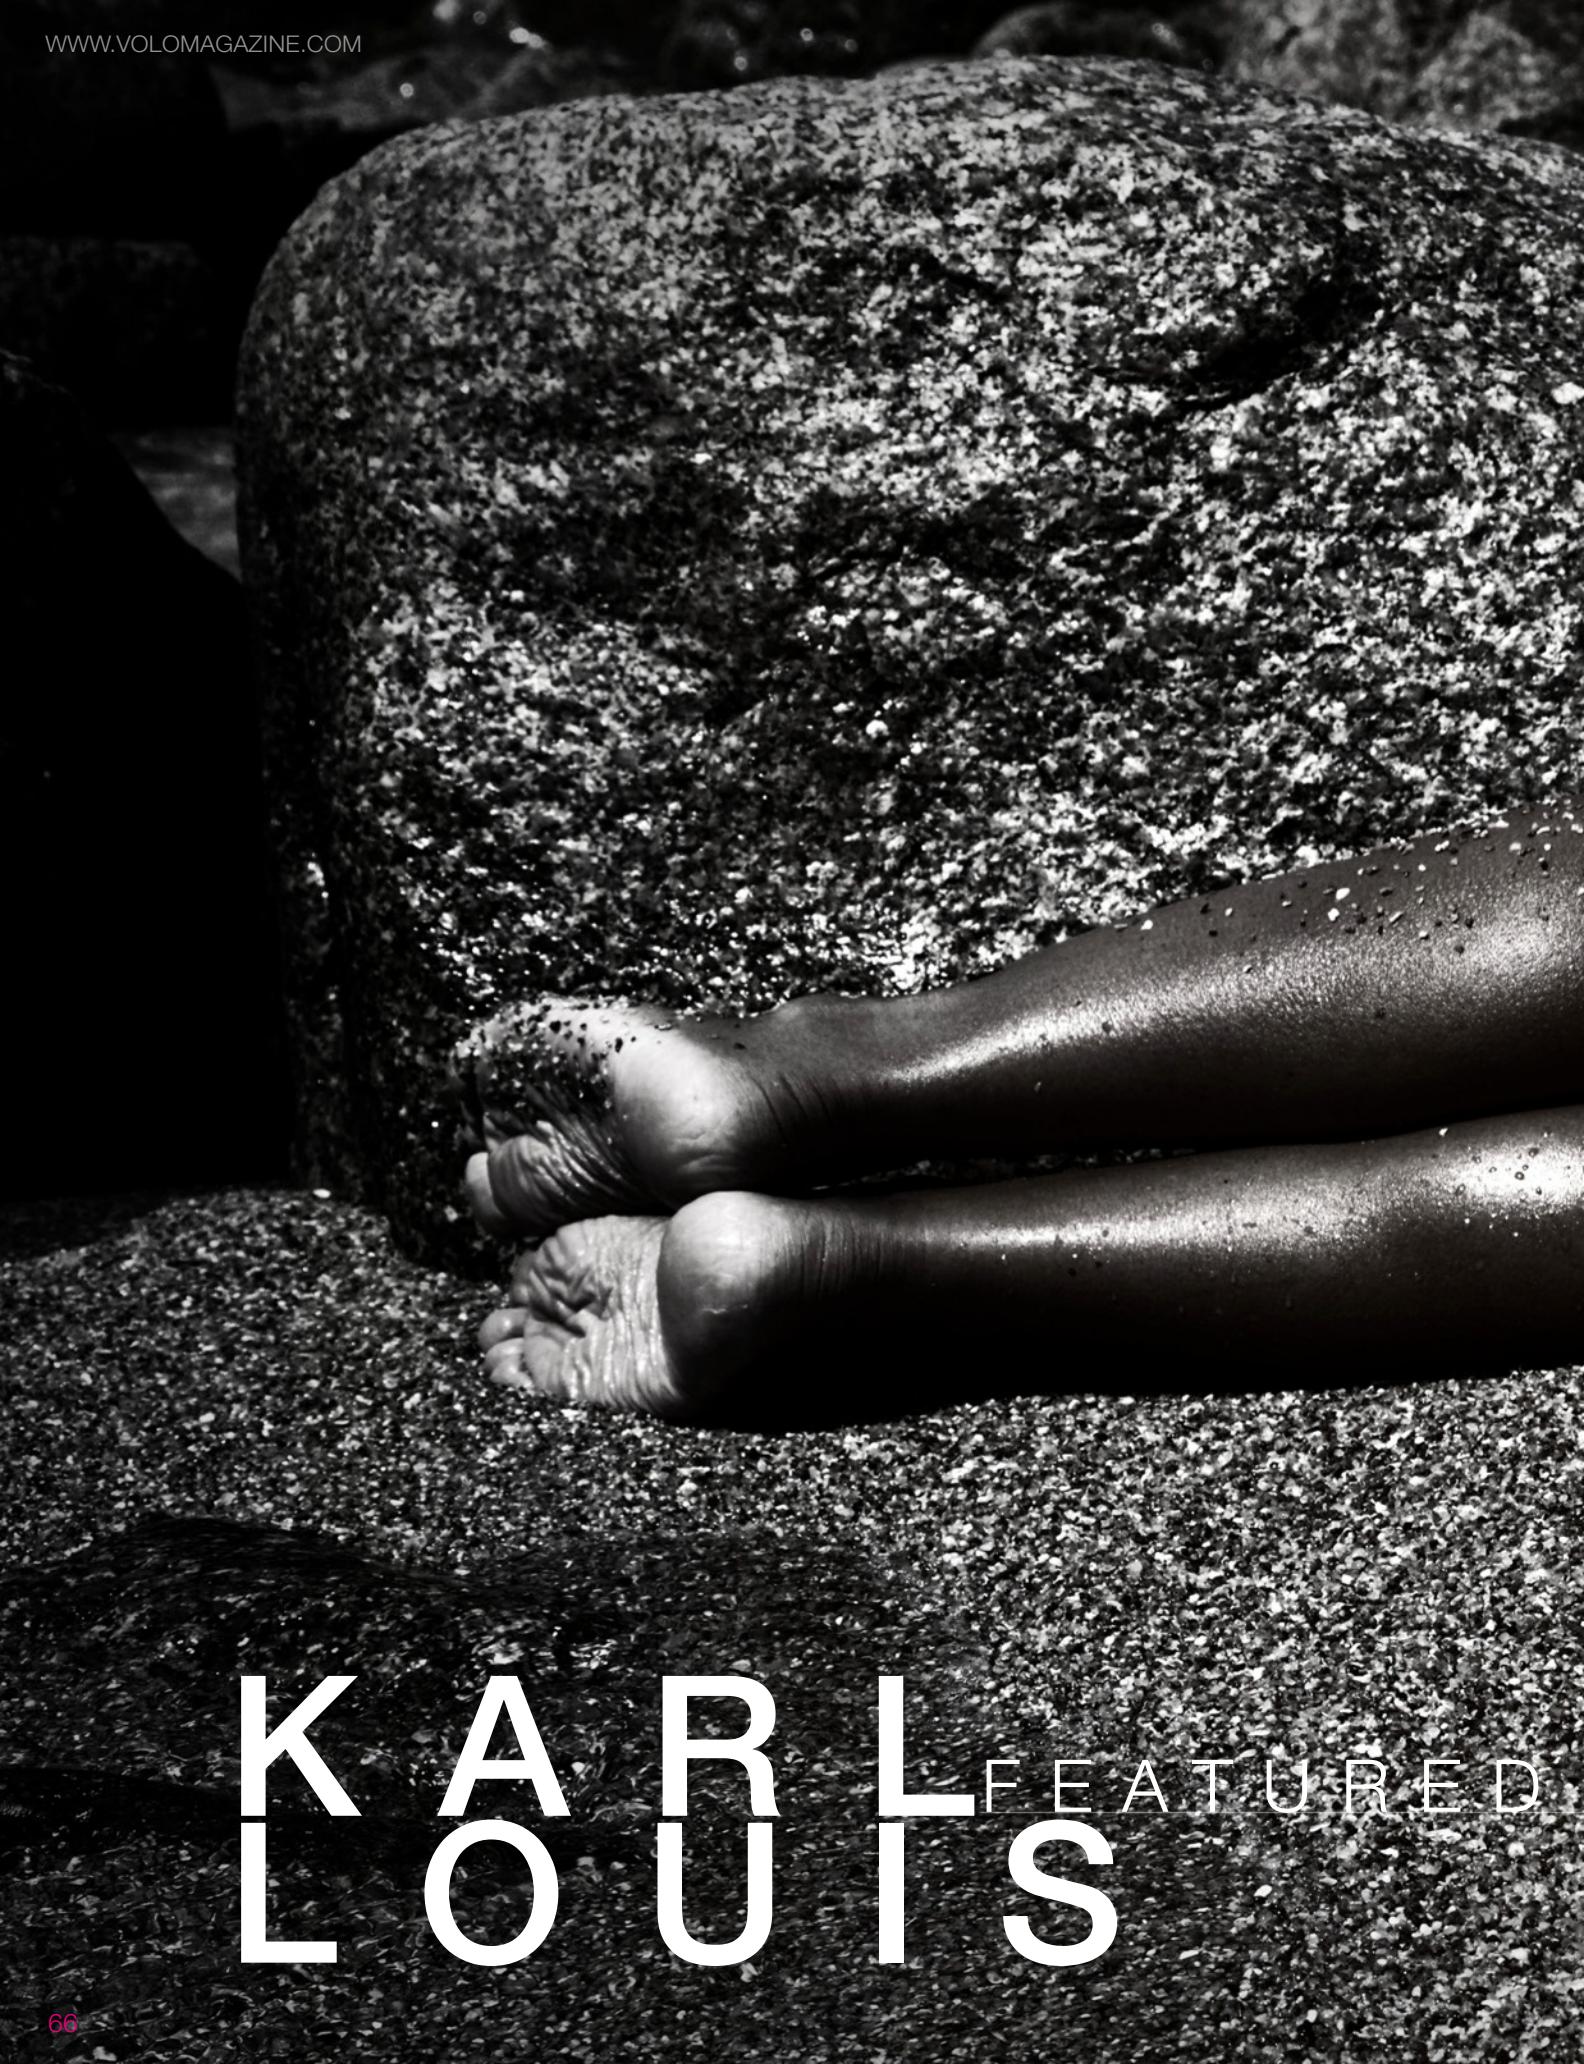

Hi All, My name is Saju. I am 24 years old and I was born in a small town called Chashniki in Switzerland.

My first photo shoot was made by my friend two years ago. And I can't say it was really great. In two month we organized our first trip to Europe. I was very lucky to work with some really good photographers. Since that time all my life is about photography, posing, lights, new people, emotions...Yeah, emotions are my favorite part, because I can show everything what I'm thinking about without any word.. I'm happy that I had a chance to try myself in this direction.

Of course I understand, that life is not stable and everything can change in one second, but I will try to do my best in modeling as long as possible...

"Becca is an enigma, the wind in the trees, the warmth in the sun, the music in the breeze... In my long career as fashion photographer & publisher, I have not met a more reliable, passionate and perseverant young woman.

I came to know Becca quite well during the years 2013/14 when she briefly lived in the San Francisco bay area. She is originally from New York and is a woman of many talents. Singer, Writer, Model; Becca has many different ways of expressing the artist that lives within her.

She is a dreamer, an idealist and someone who believes in the 'Good in people', and this may be her biggest weakness. She is perfection from the tip of her hair to her toes but she has not tasted success at the level which should be hers. She is an amazing human being and a beautiful model, if you have a job she will get it done... She defines VOLO in every way possible."

Meet The Goddess

Dear lovely VOLO-readers,

I would like to introduce myself a little bit to you and give you a little overview about my life. My name is Jenny, I am 24 years old and at the moment I am living my busy life in Brunswick, Germany and I love this life a lot...!

I am a full time-student of psychology; but besides I do have some great hobbies and side-jobs, like this one: modeling. When I was 18, I discovered my artistic side and started show-dancing and modeling... My biggest dream was to be one time in my life in the Playboy Magazine as a Playmate; that wish came true when I was 19 years old and from that moment on I was unstoppable in doing what I love and in following my dreams; because I recognized that everything is possible, if you work hard enough for it.

I like it to play with the camera and send a message to the people who see my pictures, I adore photography because it communicates emotions and especially when modeling you can draw pictures like an artist... a picture of yourself. With all the emotions you want to show, all the feelings you can draw with your body language and all the sensuality or passion you can lay in it... For me modeling isn't just a Job... it is simply my kind of self-expression and art!

Besides my work as a professional photo-model, I am an absolute passionately dancer! I do Show-dancing and Pole-dancing; and it fulfills me totally... Dancing is pure passion and if you are able to show your love with dancing, to fascinate other people with your dance-style, it gives a lot to you and others. I really love sport; but I couldn't train in a gym because there are so many beautiful sports by which you can live out your personality. So; what I want to tell you for your own way is to follow your dreams, always do what you love and never give up!

"Whatever you are doing, do it with passion."

Dear VOLO'nians,

My name is Sacha Leyendecker and I'm a freelance photographer based near Cologne.

Next to my work as a commercial and lifestyle photographer I follow my passion for nude artwork and sensual photography. Supported by my wife and make-up artist Monika I love to capture the beauty of amazing models.

About three years ago at the age of 32 I started to be interested in photography. Based on an education at a classic photo studio, I started to study photography at the "Academy of photography cologne" in 2012. Soon I felt there must be more than what I've done so far and I started to experience with my first modelshoots. Today I'm glad and thankful to work with the most beautiful women in business, publishing my work in calenders and magazines like VOLO. Always trying to improve my skills and push my work to the next level.

I hope you enjoy my pictures. If you like it, feel free to follow at:

The Model

Meet

Hi VOLO Readers, I am Vanessa!

I'm a new model, living in Switzerland where I'm going to start studying homeopathic medicine at the beginning of the month of September. My first shooting was just two months ago. I've wanted to do modeling for years so when I saw that « ETAP » sought new models I did not hesitate. When I had a look at my first photographs, I was pleasantly surprised! The result was beyond my expectations. I was very lucky to find kind and professional people to model for. They put me at ease immediately.

For me, to pose is a good way to be more confident and to give the best of myself in a field which excites and amazes me. I love being a Lingerie model. In fact, underwear has been a passion for me for many years. I think it is the ultimate in femininity. I like fashion and beauty too. So when I have a shooting, it's always a pleasure to spend many hours taking care of myself.

Why nude photos? First, it was a challenge for me because I had to feel confident about my body and image. But when the photographer wanted to shoot the photos on "Lac Léman", I immediately loved the idea and jumped at the opportunity! I really enjoyed the experience, without feeling any stress or nervousness.

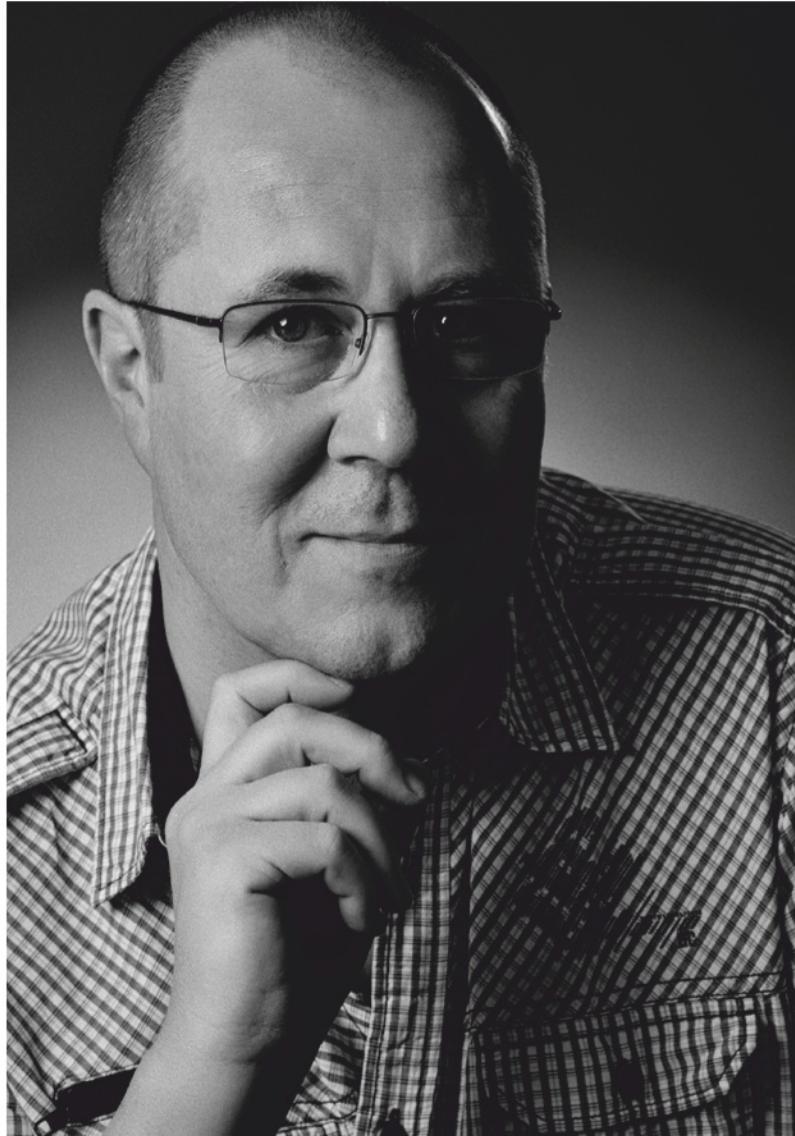

The result is fantastic, it combines my love of modelling with the beauty of the country I live in. To be published in an international magazine is a big opportunity to advance in this environment. So I hope you all will appreciate the results

XOXO
Vanessa

The Making of 'THE LOVE BOAT'

"I live on the edge of the "Lac Léman" (Lake Geneva) and for this "Wet & Wild Issue" of VOLO Magazine, it would be a crime to do something else than going on the biggest lake of Western Europe. Unfortunately the weather was not so clear and we didn't have the chance to see the Alps and the Mont-Blanc. A good reason to introduce our beautiful sight in one of the next issue of your favourite Mag!"

However, this time, you will not be disturbed by the landscape and you can concentrate on the beautiful Vanessa. She is a real "Fresh Face" just starting modelling some months ago. I'm regularly looking for models to do a TF test shooting in order to have some new pictures for my website and to find models for some workshops of our school. Vanessa registered on my contact form writing that she would accept to pose up to topless. One hour before the appointment she sent an SMS to ask me if she may come with someone. My answer was "Of course". However I was very surprised to see that she came with her... Grandmother... I discretely ask her if the topless poses will not create a problem. Her answer was: "No problem :-)" Vanessa has a really very cool and open grandma who was pushing her to be more sensual on the pictures (as she was looking at the pictures sent to the computer via a wireless card).*

A few days later Vanessa contacted me again and told me that she wanted to experiment a full nude shooting. I was just thinking about this issue of VOLO and when she told me that she likes very much the water and the lake... The bridge was done. My colleague of Etap, Niall Macpherson has a boat on a time sharing basis. He proposed to use it and at the same time to be my assistant for this series. Thank you Niall for the risks you took when handling the large diffusor which was acting as a parasail on this windy day!

Thanks to Niall Macpherson for lending the boat, his navigator role, the job of "high level" assistant photographer (Niall is usually "the" outdoor photographer and teacher of our school) and for the risks he took when handling the large diffusor which was acting as a parasail on this windy day!"

DESSERT TIME

by ELODIE BLYTHE

A close-up photograph of a woman with blonde hair and red lips. She is looking directly at the camera with a neutral expression. Her hair is slightly messy, and her makeup is natural. The background is a plain, light color.

Here it is, boys—the moment you've all been waiting for, or at least the moment I've been waiting for. I get to talk about my favorite thing: oral sex. I love absolutely everything about it—giving it, receiving it, talking about it, thinking about it... And now, lucky for you, I'm going to tell you how to do it.

Step 1, begin slowly.

When you watch a movie, you don't want to jump in right at the height of the action. If you begin at the high speed car chase, you'll have missed all the good stuff leading up to it. You need to add some tension into the mix. Start by teasing your woman, kissing her stomach and inner thighs. She will know exactly what is about to happen and the anticipation will drive her wild!

Step 2, tongue tricks.

Once you've built up enough suspense, you can make the long desired contact with your lady's vagina. Variety is key here. Repeating the same thing over and over can be boring, so try some new things. Use different sides and widths of your tongue. Try flattening it out or making it pointy. Lick in different motions and different places and use varied amounts of pressure. Press your lips around the outside of the clitoris and move your tongue in figure eights. Suck the clitoris a little bit (but just a little! It's very sensitive, and you don't want to hurt it). Try it all out, and see what she seems to like.

Step 3, fingers.

Although your tongue feels amazing to a woman's body, you need to add in a little something extra to send her over the moon. While licking and sucking, insert one or two of your fingers into her vagina. Do not move them in and out, because this can be overwhelming and can distract from the feeling of your tongue. It is also much harder to maintain good tongue technique while moving your fingers in and out. Instead, try simply curling your fingers upward about an inch inside her vagina and putting varied amounts of pressure on her g-spot. Using this along with your tongue technique will make your lady scream for more.

Step 4, the big finish.

Once your lady does start screaming, it's about time to pick one action and stick to it. This is a time where repetition is welcomed. The easiest way to get a woman to orgasm at this point is to continue doing exactly what is working.

Remember to have fun with it! If you seem like you enjoy eating your dessert, your lady will enjoy serving it so much more.

Happy fucking!
Love,

Elodie

THE VOLO MIX

PATRIOTIC BLOW

by Jenny Daughtry

THE POTION:

Grenadine
Blue Curacao
Peach Schnapps or Peppermint Schnapps

THE CAULDRON:

Shot glass or Glass of your choice
Spoon

THE CONCOTION:

In a shot glass you will pour equal parts of each ingredients. It's a layered drink so there's a trick to it! First pour the Schnapps of your choice in the glassware. Then take a spoon to slowly layer in the grenadine in, it should sink to the bottom. Remember slow is the key! Next you will repeat with spoon and the Blue Curacao, which should float to the top of the glass. There are many ways to make this festive. I personally used star decorations. But you could sugar coat the rim of the glass in different colors or even add pop rocks in the themed colors.

THE SPELL:

If you're looking to turn your July celebrations into red, white and Booze, this drink or shot is perfect for the occasion! It's sugary in all the right ways and goes down way too easily! Let's get ready to celebrate the country's liberation with LIBATIONS!!!

Armia - Champion (Ukrainian Version)

Know Ukrainian? Well then I am sure you will enjoy whatever she is saying in this video, but for us ignorant folks, the gyrating bodies of incredible ukrainian women working out to a catchy tune makes it #VOLO enough to make this list. Championship material!!

VOLO Soccer - Brazilian Style

5.

Stay #VOLO my friends :)
